

RUBRIC FOR RESEARCH PROJECT

Name: _____

TOPIC DESCRIPTION: Each student must identify a piece of original research related to respiratory care and provide instructor with a copy of the article by March 25, 2008. The research article cannot be a review article or a case study and must be from a peer-reviewed journal. The student will complete the article review sheet provided in class and prepare and present a **short** (no more than 7 minute) presentation on the findings of this research. The presentation should include a brief description of the research performed, any other related research, and a discussion on how the findings impacts the function of a Respiratory Therapist in their day-to-day activities.

	Excellent (2)	Competent (1)	Marginal (0)	Score
Provide instructor with copy of article by due date. Score of 2 if completed; score of 0 if not.				
Appropriate type of journal article is selected.				
Journal is a peer-reviewed publication.				
Completion of review sheet.				
Short presentation				
• Description of research performed.				
• Other related research				
• Impact on RT profession				
• Presentation of material is effective and impactful.				
• Presentation is within time limits.				
• Conclusions of presenter are supported by the research.
